IVC/UC Riverside Joint Lecture Series January 14, 2026

UC RIVERSIDE AND IMPERIAL VALLEY COLLEGE JOINT LECTURE SERIES

UC RIVERSIDE

Join us to learn about important new research on the Salton Sea and related ecological and health challenges, the lithium beneath the shores, and new frontiers in the search for life beyond Earth.

Enjoy a complimentary dinner for registered in-person attendees. In-person attendance is encouraged, with a virtual option available.

Timothy Lyons,
Distinguished Professor, Earth
& Planetary Sciences, UC
Riverside

Caroline Hung,
Postdoctoral Scholar,
Earth & Planetary Sciences,
UC Riverside

Emma Aronson, Professor,
Microbiology & Plant Pathology,
UC Riverside

William Porter,
Associate Professor,
Environmental Sciences,
UC Riverside

Maryjo Brumitt,
Associate Professor,
Earth & Planetary Sciences,
UC Riverside

- The lecture series features faculty-led presentations on the Salton Sea, environmental and public health, critical minerals, and broader scientific research relevant to the Imperial Valley.
- Over 60 students, faculty, industry partners, and community members participated in the opening lecture.

INFORMATION TECHNOLOGY

The CISOA "CISO" certification program held a weekend meeting December 12-December 14, 2025. Melody Burrell, Director of Application Services was in attendance. The CISO Program is designed to prepare individuals for technology leadership positions in the California Community College System.

The annual graduation ceremony for the program is scheduled for March 2026 at the annual CISOA Technology Summit.
