I. THE MEETING WAS CALLED TO ORDER BY Alison Brock at 12:16P.M.

II. WELCOME & PURPOSE

Alison Brock welcomed the committee.

III. INTRODUCTIONS

All attendees present introduced themselves.

IV. APPROVAL OF MINUTES

M/S/C: Irene Drye/Elena Wayne to approve the minutes of November 3, 2022.

V. PROGRAM SUMMARY

Alison Brock reviewed the Accounting and Business Administration for transfer programs with the committee and briefly explained each course that are offered within the programs. Alison mentioned completers for the Accounting program

VI. ROUNDTABLE DISCUSSION OF TRENDS IN ACCOUNTING

Richard Preciado-AICPA 5 years 150 hours needed to take the exam. Make accounting part of STEM. Southwest and Central accounting pathways for juniors and seniors. It is helpful to introduce the accounting program to high school students. Hire at 4 year accounting degrees but are not ready for CPA. They give an exam to those that they hire and most if not all fail the test. Would like to offer scholarships to students to help recruit. Exam can be taken every 3 weeks.

Tax preparation would be a great option and preferred for a student to choose from the elective list.

Suzanne-2 years of college work in accounting. Clerk 1,2,3 and accounting technicians. Recommended Business communication.

CDCR just need accountants with units.

VII. OTHER

No other comments at this time.

VIII. MEETING WAS ADJOURNED AT 1:17pm
