## *Program Review* Staffing Resource Requests

STAFFING NEEDS for ORG 229 - Child Development AND PROGRAM 6920 - Child Development Centers:										
#	Goal	Goal Description	Item Name	Cost	Qty.	Prio.	New	Rev.	Grouping	Total
1	2	Goal Two (Student Learning Programs and	Classified Manager Salary	\$71,226	1	1	Yes	No		\$71,226
2	2	Goal Two (Student Learning Programs and	Preschool/Infant Teacher Salary	\$114,937	1	2	Yes	No		\$114,937
3	2	Goal Two (Student Learning Programs and	Staff Secretary II	\$35,170	1	1	Yes	No		\$35,170
<b>Totals:</b>										<b>\$221,333</b>

**Long Justifications:**

- 1 This request is to return the Classified salary for the Director of CFCS to 100% district. The salary was moved onto grants and contracts received to lessen the load on the District with the understanding that it would move back. The District currently is paying 50%. The amount listed is the other 50%. The Director needs to reinstate positions that she has been covering the duties on but has been unable to because the contracts and grants cannot handle the Director salary plus the salary for those staff members. This would allow the Director to complete the duties assigned to the Director and to have time to do things such as writing grants, assisting students, staff trainings, etc.
- 2 25% of the salaries based on hours worked with adult students. 2012 4161 hours (193 students) working with students who were completing assignments, lab hours, observations, and research. Also, position of State wide Academic Senate that Campus Preschool and Infant labs be treated like all other labs on campus.
- 3 The Department had two secretaries each 50% district and 50% categorical. One of the positions was moved to part time due to District budget. The Department needs to have 2 full time secretaries for safety so that someone always is present to assure no one goes into the classrooms without coming through office. Also to meet student needs. The program review shows that in 2012 we had 193 students putting in 4161 hours to do observations, complete assignments, research, or assigned lab. We also have students coming in for permit help, and wanting childcare. I am asking for the cureent full time secretary to become 100% District and the other will be 100% categorical. This was done to simplify the process instead of having both at 50% District.

**Grand Total:            \$221,333**
