

Activity #3

Imperial Valley College Experience

1a. The Institutional Learning Outcomes below represent knowledge, skills, abilities and attitudes that Imperial Valley College faculty believe you will develop as a result of attending the college and completing a program of study.

Please review the Learning Outcomes and rate them from 1 – 4, according to how much Imperial Valley College contributed to your development in these areas.

4 – Contributed Substantially

3 – Contributed Partially

2 – Contributed Minimally

1 – Did not Contribute

Learning Outcome

Rate: 1 – 4

Communication Skills: Ability to convey information through the exchange of ideas and information through speech, visuals, signals/symbols, writing or behavior.	
Critical Thinking: Ability to analyze, synthesize and evaluate information gathered from observation, reasoning and communication. Use this information to draw conclusions.	
Personal Responsibility: The development of one's personal character; including how to respond wisely to opportunities and challenges, recognizing and correcting mistakes, monitoring and judging actions and motivations, and developing respect for ourselves and others.	
Information Literacy: The ability to know when there is a need for information and to identify, locate, evaluate and effectively use that information for the context.	
Global Awareness: Ability to respect and work with people of diverse backgrounds. Includes and understanding of social and cultural phenomena at global, national and local levels.	

1b. Please rank the Learning Outcomes (1 – 5) according to **how strongly each outcome** was emphasized in your overall academic experience.

5 – Always emphasized

4 – Frequently emphasized

3 – Sometimes Emphasized

2 – Minimally Emphasized

1 – Never Emphasized

Learning Outcome	Ranking
Communication Skills	
Critical Thinking	
Personal Responsibility	
Information Literacy	
Global Awareness
