Dear PC,

We talked about the vetting of the new program review software last night and wondered about the next steps. After clarifying with Yolanda, the next step is actually scheduled for this Friday from 10am-12pm. The meeting from Ric Epps has invited Academic Senate Tech Taskforce, Instructional Council, and Distance Ed Committee. We are in the process of notifying CART and SEMPC, which were also scheduled to meet this Friday from 10-11am and 11-12pm respectively, that the regular agendas for these two meetings will be postponed so that everyone can attend the below Program Review Software presentations instead. This will hopefully be able to provide the opportunity for constituents to discuss the software IVC should move forward with to replace SPOL. Yolanda said that she also can present at College Council.

If you want me to forward you the Outlook invitation, just let me know.

Hi everyone,

Ric Epps is inviting you to a scheduled Zoom meeting on Friday, May 7 from 10am to 12pm.

We are having two presentations from software technology companies Nuventive and eLumen. Your feedback will be very important.
